~~GENERAL INVESTIGATIVE DIVISION~~

This is the case involving the bombing of the Sixteenth Street Baptist Church, Birmingham, Alabama, 9-15-63, in which four Negro girls were killed.

By letter dated 12-7-66, the Department was advised that 11 microphone surveillances and 7 technical surveillances were used during the investigation of this matter. No pertinent information to this investigation was obtained from any of them.

These installations were on prime suspects. Several of the prime suspects in this case were prematurely arrested in the early stages of this investigation by the Alabama State Highway Patrol. This has materially hindered the FBI from obtaining admissible evidence. Results of our investigation have been furnished to the Department. There is no indication that the Department contemplates prosecution in this matter in the future.

It appears that the Department's request is an outright instance of a fishing expedition; therefore, the Department will be advised in writing that in the absence of any indication that it intends to prosecute this matter, the request will not be honored.

NATIONAL KU KLUX KLAN KNIGHTS OF THE
KU KLUX KLAN (NKKK)

A source advised that on May 22, 1960, the National Grand Council of the Knights of the Ku Klux Klan met at Atlanta, Georgia, to discuss consolidation of the klans unity of effort and activities, to establish a National Fund and a National Secretary and to design a new flag. The meeting was attended by representatives of the Federation of Ku Klux Klan, Alabama; Association of Arkansas Klans, Arkansas; Florida Knights of the Ku Klux Klan, Florida; Southern Knights of the Ku Klux Klan, Florida; Association of Georgia Klans, Georgia; Knights of the Ku Klux Klan, North Carolina; Association of South Carolina Klans, South Carolina; Dixie Knights of the Ku Klux Klan, Tennessee; and Hyksos Klan, Texas.

This source advised that at a consolidation meeting at Atlanta, Georgia, September 2-5, 1960, at which the North Carolina and Texas Klans were not represented, it was resolved and passed that their name be changed to National Ku Klux Klan.

This source also advised that at a consolidation meeting at Savannah, Georgia, October 23, 1960, it was resolved and passed that in any future meetings of this group the name "Majority Citizens League" was to be used.

A second source advised that at a national klonklave meeting at Texarkana, Texas, on February 11-12, 1962, a motion was carried that there were to be at least six national meetings a year to be held any time from one week to twelve weeks after the last meeting. The time and meeting place were to be decided by the newly-elected chairman. This second source also advised that at each meeting a new chairman and acting secretary were to be elected to serve at the next meeting. A national secretary had not been appointed.

A third source advised that at a national meeting on November 11-12, 1961, United Klans of America, Inc. (UK) was invited to meet with NKKK and it was agreed they would meet together, but there was no talk of consolidation.

RE: CONSTITUTION PARTY OF THE UNITED STATES

APPENDIX (Cont.)

This third source further advised that as of the national meeting on May 5-6, 1962, no national fund, headquarters or secretary had been established and no plans had apparently been made to do so. A temporary chairman and acting secretary were to be appointed for each meeting. The name "Majority Citizens League" was not being used in connection with meetings.

Enclosures

NOTE:

This is the case involving the bombing of the 16th Street Baptist Church, Birmingham, Alabama, September 15, 1963, in which four Negro children attending Sunday School were killed.

Over 1200 pages of logs, transcripts and summary memoranda pertaining to microphone and technical surveillances used in this case were reviewed. It appears that this material is suitable for dissemination to the Department. Nothing of a pertinent nature appears in this material which was not previously brought to the attention of the Bureau or on which appropriate action was not taken.

In view of the bulky nature of the enclosures, they are being retained until this memorandum has been approved. Upon approval, this memorandum and its enclosures will be hand delivered to the Criminal Division and a receipt will be obtained.

All technical surveillances were approved by the then Attorney General Robert Kennedy and the Department was specifically so advised by Bureau letter to AAG Vinson 12-7-66.

Taped Threat, Church Blast Link Seen

A three-year-old tape recording made two weeks before President John F. Kennedy's assassination and warning him that he would be killed, may have a tie-in with the unsolved Sept. 15, 1963, bombing of a Birmingham Negro church, according to press service reports from Miami.

The tape, played for newsmen yesterday by Miami police, recorded a conversation between two unidentified men which sketchily outlined a plan for murdering Kennedy the same way he was assassinated

—by sniper fire "from an office building with a high powered rifle."

One of the speakers on the recording mentions repeatedly a man named "Brown" who reportedly wished to assassinate Negro leader Martin Luther King and who was linked with the Birmingham bombing.

Blast Rocks Church

"Brown", the man indicated, was a close associate of his and was the organizer for a "Constitutional Party."

On a Sunday, Sept. 15, 1963, a dynamite blast rocked the Sixth Avenue Baptist Church here killing four Negro girls attending services there. The explosion blew out windows on the east side of the building and shattered windows in nearby establishments.

The incident touched off street battles and scattered shooting which injured 19 other persons. Shortly after the bombing Gov. George Wallace issued a \$5000 reward for information leading to the arrest of the bomber.

It was never collected and the bomber was never caught.

Played For Newsmen

The recording was played at a press conference after the Miami News first disclosed existence of the recording in police files and quoted extensively from it.

The plot to kill Kennedy was outlined by an unidentified man under questioning by an undercover interrogator in a Miami apartment on Nov. 9, 1963, according to Miami police.

"Kennedy knows he is a marked man — sure he does, sure he does," the man said. He said the assassination plot was "in the works."

The tape makes no mention of Dallas, however, or of Lee Harvey Oswald, Kennedy's convicted slayer.

Secretly Taped

The recording was made by intelligence agents of the Miami Police Dept. who secretly taped the conversation and turned it over to the U. S. Secret Service a week later.

Police would make no comment on the circumstances of the taped recording. However, it was made only nine days prior to Kennedy's Nov. 18, 1963, visit to Miami Beach for a speech to the Inter-American Press Assn. and presumably was part of a tight advance police security investigation of the Miami area.

The man under questioning reportedly said "to get this Kennedy is going to be a hard proposition." He said, however, that bodyguards surrounding the President would prove no problem in an assassination attempt.

Suggests Sniper Shot

"The more bodyguards he has, the easier it is to get him," the man stated. He suggested that "the best way" to kill Kennedy would be:

"From an office building with a high powered-rifle. The Secret Service never covers all the office buildings where he is going."

He also suggested Kennedy could be killed in Washington but "it's the wrong time of the year now" — meaning that cold November weather would keep the President indoors at the White House.

"But if he comes out during pleasant weather on the (White House) veranda you could pick him off from a hotel across the way."

Kennedy was assassinated two week after the recording was made — on Nov. 22, 1963 — in Dallas, Tex.

Re Birmingham airtel 2/3/67, concerning a tape recording recently made public by the Miami Police Department and in which mention is made of a "BROWN". It is stated that this "BROWN" is identical with "a JOHN W. BROWN, or a JACK BROWN, who is a leader of the Ku Klux Klan in Chattanooga, Tennessee."

It appears probable that the JOHN W. BROWN or JACK BROWN referred to is JACK WILLIAM BROWN, Bufile 157-888, Birmingham file 105-540. It is to be noted that JACK W. BROWN died at Chattanooga, Tennessee, 10/4/65. Copies of all recent summary reports concerning him have been furnished to Birmingham in the case indicated. It is further noted that he was considered as a suspect in the BAPBOMB case and was in fact interviewed in connection with that case, as reported in report of SA [redacted] dated 11/19/63 under the BAPBOMB title. He was determined to have been in Chattanooga, Tennessee on 9/15/63.

In the absence of further specific information concerning instant tape, no investigation being conducted by Knoxville Office.

[REDACTED] based on the results of previous interviews, would not be a subject for a productive interview at this stage in the development of the information.

The Birmingham Office considers that the best course of action with regard to the information from the informant of [REDACTED] at this time is to attempt to further develop this information and the identity of the informant in order that the basis for the information may be more fully evaluated and an attempt made to determine whether it represents valid information or merely supposition on the part of the informant based on events near the time of the bombing in this case. The Birmingham Office is reviewing files and examining informant reports and other source material to determine if the identity of [REDACTED] informant can be pinpointed through the meagre background information regarding him supplied by [REDACTED]. It is also contemplated that [REDACTED] will be recontacted and again requested to ask his informant if he will consent to an interview by the FBI. An attempt will be made to supply [REDACTED] with questions to ask the informant which might further clarify his story. If the informant can be identified and/or the basis for his information more fully established, additional avenues of investigation may present themselves. It is noted that while the individuals named by [REDACTED] informant are logically good suspects in any bombing matter of the type and period of Babomb, their responsibility for this offense would be contrary to the results of previous investigation by the Bureau indicating the probable subjects in the case. The Birmingham Office will not, however, allow this to interfere with a diligent investigation concerning the information from [REDACTED] informant.

By separate Airtel this date the Savannah Office has been requested to bear in mind the information from [REDACTED] informant in connection with investigation concerning the current activities of [REDACTED] and [REDACTED] and to consider interviews with them if they are found presently to be susceptible to controlled, intelligent interviews.

By the same communication, Little Rock has been requested to cover the current activities of the [REDACTED] and specifically interview these individuals regarding this case.

Re Birmingham airtel to Bureau, dated 4/14/67.

SUMMARY:

Enclosed for the Bureau's information are two copies of newspaper article extracted from "The Birmingham Independent," newspaper which appeared this date. By way of information for the Bureau, "The Birmingham Independent" is a small weekly newspaper printed in Birmingham, which characterizes itself as independent, non-partisan, and conservative. The masthead indicates that it is dedicated to a free America and published by the Cahaba Valley News, Inc., with editorial and advertising offices located at 1203 16th Avenue, South, Birmingham, Alabama. BETTYE P. SMITH is the Associate Editor, and HILDA DALTON is the Office Manager. This newspaper is familiar as a weekly in the City of Birmingham, and is sold from private automatic dispensing apparatus strategically located on various street corners in Birmingham, and through the mail. The circularization of this paper is not known, but it is believed to be relatively small.

Birmingham has not had an opportunity to discuss this article with the Birmingham Police Department or officials of the paper, but this is anticipated. It is not known whether this information is anything other than speculative, but attempts will be made to at least clarify this information and identify the source of this information.

FERRIE MAY HAVE

BEEN B'HAM

CHURCH BOMBER

Oswald May Have Helped Plan The B'ham Bombing

(Indicate page, name of newspaper, city and state.)

1 BIRMINGHAM
INDEPENDENT
Birmingham, Alaba

David William Ferrie and two associates may have been the Birmingham Bombers. This is the thesis of a packet of information furnished to Alabama Police officials by The Councilor.

The Birmingham explosion went off under a church stairway at 10:22 a.m. on Sept. 15, 1963, instantly killing four innocent negro children and injuring 19 other persons. Preliminary investigation showed that it was obviously the work of agents provocateur, followed by a well-planned national hate campaign toward ordinary Southern whites.

The Councilor has worked on the theory that Ferrie and two other men planned the bombing to create a Hate-the-South mood as a necessary part of their overall assassination strategy. If they could get Northern whites hating Southerners, falsely marking Dixie residents as murderers, this would make it easier to convince Northerners that Kennedy's death was the work of so-called Southern "betrayers."

Kennedy was killed 68 days later.

DEMOLITIONS

More than three years The Councilor suspected David Ferrie of being the strange pilot in a "sympathy bombing" of a negro Masonic lodge and the fishing camp of a negro dentist in Bossier Parish. No one was hurt in these bombings, stagecrafted in April, 1961.

Immediately after the phoney Bossier bombings, a Hate-the-South campaign was launched on network television and in leftist newspapers, especially the leftwing papers in the San Francisco area. The Councilor believed that this was part of an elaborate plan to kill John Kennedy in New Orleans on May 4, 1962. Informants have told The Councilor that Ferrie and his companions were unable to make their plan work on that occasion.

Ironically, Clay Shaw was reported to have participated in the Kennedy appearance to dedicate the Nashville Avenue Wharf as part of his duties with the International Trade Mart.

ENCLOSURE

Ferrie, a demolition expert, apparently stole oilfield munitions for use in the Bossier and Birmingham explosions.

The New Orleans visit coincided with high tensions created by the school-mix situation. New Orleans undercover agents reported that Lee Harvey Oswald worked with integrationist groups upon his return to that city. Officially, he was still in Russia at the time of the New Orleans attempt, probably had no part in the plan.

Immediately after the Bossier Parish bombings, an estimated 44 Justice Department agents swarmed that area to harass the parish's best citizens, including the families of elected officials. They remained for weeks without making an arrest.

Later, it was learned that the alleged "victim" had met in Washington with Attorney General Bobby Kennedy 14 days BEFORE the explosion! He is identified as Dr. C. O. Simkins, who was active in a civil rights organization known to use sympathy tactics. The Councilor DOES NOT have any information that would indicate Simkins had advanced knowledge that the explosions were coming.

Informants stated that Simkins' meeting with Bobby Kennedy took place on the afternoon of Tuesday, April 9, 1962, and that an unidentified third man was present at this meeting. The tipster said this person knows details of the Red apparatus in New Orleans and

that he is personally "more important" in sinister world affairs than even Bobby Kennedy!

The Councilor was told that Lee Harvey Oswald may have helped plan the Birmingham bombing, in addition to two men who are still alive.

In 1964 an airlines pilot told The Councilor that Ferrie was a frequent visitor in Birmingham and that Oswald was a visitor with him on one such occasion.

SIMILAR AFTERMATH

The aftermath of the Birmingham bombing was similar to that of the Bossier bombing. Justice Department agents rushed to the city and hounded innocent patriots and segregationists day and night. They never made any arrests.

After the assassination of John Kennedy, a German newspaper charged that Lee Oswald was known to Bobby Kennedy and had received protection from him. Police raiders in New Orleans found a letter from Bobby Kennedy to a New Orleans Communist, James Dombrowski. Dombrowski's lawyer and treasurer (Bruce Waltzer and Ben Smith) were active with Oswald in Castro activities. This prompted a New Orleans detective, Lt. Martello, to ask Oswald if he knew Dombrowski, but Oswald evaded the question.

Ferrie was a master technician and prided himself on working out such matters as "triangulation of crossfire" and ingenious devices. There is a belief among two well-informed investigators that one of the weapons used to kill Kennedy was not a conventional rifle, but a short barreled device which used smokeless powder. It is possible that such a device was fired from a point near the south curb of Elm Street in Dallas.

Despite exhaustive search, the FBI did not find in the debris at either Birmingham or Bossier Parish any conclusive physical evidence of the bomb or timing device, and does not know how the explosive was donated. One official in the Birmingham case revealed that the only piece of physical evidence found was a fishhook.

On September 25, ten days after the church explosion, a booby trap in Birmingham blew up. It was contrived of shrapnel and apparently planned to kill police officers. Under the exact conditions, it might have killed 50 police.

Again there were not enough clues for an arrest.

COUNCILOR FURNISHED B'M POLICE CHIEF AND DIR. OF PUBLIC SAFETY WITH FACTS

The Councilor has furnished its facts, tips and background information to Chief Jamie Moore of the Birmingham police. A copy of the material was dispatched to Col. C. W. "Bill" Russell of the Alabama State Police.

ReBHairtel 4/21/67.

Reairtel enclosed an article from "The Birmingham Independent," a weekly newspaper, its issue of April 19 - 26, 1967. The article carries the headline "Ferrie May Have Been B'ham Church Bomber." This article states that David William Ferrie and two associates may have been the "Birmingham bombers." It also contains statement "The Councilor was told that Lee Harvey Oswald may have helped plan the Birmingham bombings in addition to two men still alive. In 1964 an airline pilot told The Councilor that Ferrie was a frequent visitor in Birmingham and that Oswald was a visitor with him on one such occasion." This article also indicates that "The Councilor" has furnished its facts, tips, and background information to the Birmingham Police Department and the Alabama State Police.

This same article contains statements indicating that "The Councilor" suspected David Ferrie of being the strange pilot in a "sympathy bombing" of a Negro Masonic Lodge and the fishing camp of a Negro dentist in Bossier Parish, Louisiana. It is alleged that these bombings launched a "hate-the-South campaign." According to the article, "The Councilor" believed that this was part of an elaborate plan to kill President Kennedy in New Orleans on 5/4/62. There is also a reference in the article to one of the alleged victims of the Bossier bombings as being C. O. Sinkins.

For the information of Birmingham, it should be noted that on 4/25/62 explosions occurred in a Negro Masonic Lodge

in the vicinity of Lake Bistineau near Shreveport, Louisiana, a recreation camp for Negroes in a state park on Lake Bistineau, and at a summer camp owned by Dr. C. O. Simpkins, a local Negro leader in the vicinity of Lake Bistineau. All of these bombings were investigated by the FBI.

The Bureau has no information indicating that Ferrie or Oswald were ever linked to any of the Birmingham bombings or the bombings at Lake Bistineau, Louisiana.

Although it appears that the information set forth in the Birmingham Independent is the result of stories concerning the investigation of the Kennedy assassination being conducted by Jim Garrison, District Attorney, New Orleans, Louisiana, this is not entirely clear. The article frequently refers to "The Councilor" as a source of its information.

If you have not already done so, you should immediately contact reliable sources in the Birmingham Police Department to ascertain the original source of the information published in the Birmingham Independent. Any material concerning the Birmingham bombings or Louisiana bombings, or other matters of interest to the Bureau which has been furnished to the Birmingham Police Department should be completely reviewed. If any substantive information not previously developed concerning captioned case is obtained, immediate investigation should be undertaken.

Within three days of the receipt of this communication advise Bureau by airtel of the results of your review of material in the possession of the Birmingham Police Department and advise the Bureau what additional action, if any, is contemplated concerning any allegations and insinuations contained in the Birmingham Independent.

NOTE:

This is the case involving the bombing of the 16th Street Baptist Church, Birmingham, Alabama, September 15, 1963, in which four Negro girls were killed.

The Birmingham Independent is a small weekly independent newspaper which described itself as "conservative." Other newspapers and news media have not carried similar articles.

David William Ferrie, recently deceased, was a person named as a conspirator in the President Kennedy assassination plot by Jim Garrison, District Attorney, New Orleans, Louisiana, during his free wheeling investigation of the Kennedy assassination. Lee Harvey Oswald was shot and killed by Jack Ruby after Oswald was arrested for President Kennedy's assassination.

This is the case involving the bombing of the 16th Street Baptist Church, Birmingham, 9/15/63. Four young Negro girls were killed, sixteen other persons were injured, and damage to the church amounted to approximately \$30,000.

A full investigation was immediately instituted and investigation was both intensive and widespread with thousands of interviews being conducted in a relatively short period of time.

The investigation quickly identified a small group of hard core Klansmen as being probably responsible for the bombing.

The possibility of successful Federal prosecutive action was prejudiced by premature arrests made by the Alabama Highway Patrol on 9/20/63 and 10/1/63 when Chambliss, Cagle, and Hall were taken into custody as a publicity stunt on the part of the Highway Patrol.

All logical leads in this matter have been covered and recovered and the entire investigation has been reviewed at various times by the field, Bureau supervisors, and Bureau officials for the purpose of insuring that all logical avenues of approach have been thoroughly pursued.

Investigation is continuing in an effort to develop admissible evidence which would warrant Federal prosecution. This is being done by working through sources and informants who are in close contact with the prime suspects and their associates.

ACTION:

We are continuing to vigorously pursue this matter. 1967/
